

CHAPTER V

CONCLUSION AND SUGGESTION

A. Conclusion

After analyzing 42 data from that sentences in the Jakarta Post to be a sample of analysis the coordinating conjunction function in it, the writer has conclusion based on references for composing this research. The writer found some meaning, functions and kinds of the coordinating conjunction in the sentence Business News The Jakarta Post. It can be said that all of the questions above have been answered. For the further conclusion, the writer explains as follows:

1. According to the first question and the analysis in the chapter four, it can be concluded that kinds of the coordinating conjunctions which exist in the sentences in Business News The Jakarta Post are for, and, since, for example, but, or, as, yet, whether, however, still, hence, both, not only but also, namely,.
2. From the research which is done, writer can identify what is the meaning, functions and kinds of the coordinating conjunction in the sentences in The Jakarta Post.
3. Moreover, based on the question of number three about the kind of conjunctions found mostly in The Jakarta Post and after doing analysis until the two days in Business News *The Jakarta Post*, the kinds of

coordinating conjunctions which is dominant found in The Jakarta Post is *and*. There are 11 data coordinating conjunction *and*.

4. Sentences depends on the type of the it is conjunctions. If the conjunction change so it will change the function and kinds of the sentence.

B. Suggestion

1. For Readers. They should be more aware that the function and kinds of conjunctions in the sentence is an important in a language which they may not realize yet so far. It give readers knowledge how to make and arrange language form, especially how to make and arrange form a sentence. We must be able to distinguish kinds of sentences in order to convey good and correct language form.
2. For Teachers, Hopefully, they should present to students that the function and kinds of conjunctions in the sentences plays a important role in studying meaning which involve grammars. Teacher should give detail explanations about structural of ambiguity.
3. For next researchers, Since conjunctions in the sentences employs in spoken and written language, they could use different subjects such as novel, magazine, newspaper, news website, recorded sounds, or film in making a research, Hopefully, next researchers can understand a language form and they can identify the function and kinds of conjunctions in sentences. The next researchers should give correct explanation about it.
