

## CHAPTER V

### CONCLUSION AND SUGGESTION

#### A. Conclusion

This research has purpose to find out about significant effect between using SQ4R strategy towards students reading comprehension at the first semester of the eight grade of SMPN 11 Tambun Selatan. After analyzing the data, the writer makes conclusion of this research as follow:

1. The effect between using SQ4R strategy towards students reading comprehension at the first semester of the eight grade of SMPN 11 Tambun Selatan is high **significance**  $0.000 < 0.05$  which means there is significant effect between using SQ4R strategy towards students reading comprehension. It means  $H_a$  is accepted and  $H_o$  is rejected.
2. The reliability of effect between using SQ4R strategy towards students reading comprehension is significance value, the result of coefficient is  $0,889 < 0.60$  which means there is **significance**.
3. Based on interpretation above, the writer concludes that hypothesis testing result of students at SMPN 11 Tambun Selatan, students are 4.798. According to paired test correlation standard with t table if the sample consists 20 people is 1.729 that means  $4.798 > 1.729$ , so they **alternative hypothesis is accepted**.

## **B. Suggestion**

Based on the conclusion, the writer would like to give some suggestions that are probably useful in the future as follows:

### **1. English Teachers**

The writer suggests the teachers to implement methods of SQ4R in teaching English reading which can attract student's attention so they can motivate students to learn English in class.

### **2. Students**

The writer suggests the students of the first semester of the eight grade of SMPN 11 Tambun Selatan to read many English passage in order to increase reading comprehension. Moreover, they also should try to make a note to the new English word they find. Further, since the method SQ4R can be implemented individually, the students can use this method to improve there reading comprehension.

### **3. School**

The school, SMPN 11 Tambun Selatan is expected and suggested to always increase the quality of the educators's work that they may provide the students comprehension with knowledge and guide well and maximally.
