

CHAPTER V

CONCLUSION AND SUGGESTION

A. Conclusion

After analyzing the previous chapter, the writer found several sarcasms said by Tony Stark as the main character. As happened in the movie of *Iron Man*, the character of Tony Stark often said sarcastic sentences especially in the first *Iron Man* movie introduced the main character, Tony Stark. Based on the data analysis obtained from the movie, the writer concluded as the following:

1. Tony Stark is not a strange person who always says sarcasm in all situations. In this analysis it is explained that there are several situations that make Tony Stark expressing this sarcasm, for example the situation when he is not feeling uncomfortable realizing people do not say anything. Another situation is when he is angry or does not want that person to be around him. Furthermore, his sarcasm appeared because he does not like anything stupid.
2. This analysis also explains the impact received by Tony Stark's interlocutor. The writer concluded that some people can accept the sarcasm said by Tony, while the other cannot. The response depends on their characteristics and situations. Mostly relaxed situation where people are not being serious is the situation when sarcasm is accepted. On the other hand, some Tony's interlocutors get offended and angry.

3. The writer assumes that intelligent people like to speak sarcasm because they have thoughts that ordinary people do not have. As in this research Tony Stark is intelligent in this *Iron Man* movie. Tony Stark can easily accept sarcasm since he expresses sarcasm quite often as well. Acceptance of a sarcasm depends on the timing, situation and characteristics of the person. Therefore, these three things are very important and influential in the acceptance of a sarcasm in this study.

B. Suggestion

After analyzing and giving conclusion, the writer would like to deliver suggestion as the following:

1. For the Other Researchers

The writer suggests the other researchers who are interested in conducting research about sarcasm to use this research as reference. Furthermore, because not many people know the concept of sarcasm, they may misunderstand sarcasm as a satire. Thus, the writer considered this topic is interesting to be studied further.

2. For the Readers

The readers should comprehend the real intention and purpose of sarcasm. After knowing sarcasm from this research, the readers, who probably experience sarcasm in their daily lives, may not get offended easily.
