

CHAPTER V

CONCLUSION AND SUGGESTION

From this chapter, after conducting research in Sunerra Hotel Cikarang, the research gave the conclusion between vocabulary mastery and speaking ability in the following:

A. Conclusion

Based on the result of the research and observation of hotel staff in Sunerra Hotel Cikarang, the researcher gave the conclusion in the following:

1. This research conducted at Sunerra Hotel Cikarang which has 50 hotel staffs and took a sample from 30 respondents.
2. For the result of variable X (vocabulary ability) the researcher found that the highest score for this test is 96 and the lowest score is 64.
3. For the result of variable Y (speaking ability) the researcher found that the highest score of this test is 90 and the lowest score is 60.
4. The result of this research is 0,0885, it means that correlation between vocabulary mastery and speaking ability has strong correlation.
5. The result of calculating using SPSS 23 Program found the calculated value of r_{observed} was higher than r_{table} which is $0,885 \geq 0,3610$. Then the hypothesis is accepted coefficient of determination = 78,32%. Meanwhile 21,68% influenced by other variables such as bravery, readiness and habitual of speaking English.

6. There is significant positive correlation between vocabulary ability (variable X) and speaking skill (variable Y) on hotel staff in Sunerra Hotel Cikarang.

B. Suggestion

Based on the result of the research and observation of hotel staff in Sunerra Hotel Cikarang. Therefore, the researcher would like to give some suggestion as follow:

1. For the Hotel

It is very important for hotel staffs to try supports all of effort to increase English ability.

- a. To use fully English in hotel environment.
- b. To make speaking habit and make English fun and enjoyable.
- c. To make an English course in once a week to progress their English skills.
- d. Hotel staff should be active as the first person who starts to speak English.

2. For the STBA JIA

The importance of vocabulary mastery in speaking ability at hotel is necessarily in academics or work field.

- a. The lectures should implement the vocabulary hotel learning in speaking ability.

- b. To give more insight to students that a person is employed at a hotel, restaurant or travel agents would like to meet people from across the world and likely to communicate in English.

3. For Further Researcher

This research can be used by the next researcher as a reference for further research to be conducted.

4. For Readers

This research provides guidelines for the role other readers in the same problems, especially college student who can understand and apply that has been discussed.
