

CHAPTER V

THE CONCLUSION AND SUGGESTION

A. The Conclusion

The author has explained this research paper about “Job Description in The Culinary Section as A Daily Cameraman of Radar Bekasi”. This report concludes that the journalism division is part of the cameraman, which is a variety of journalistic profession whose duty is to capture or film reporters who are covering news in the field and reporting it to the public. The editor will edit the footage once the cameraman has completed covering and has a video of his coverage. The editor is in responsibility of choosing and organizing pictures captured by cameramen for media broadcasting.

In conducting this research, the author will always be faced with various kinds of obstacles or problems. The author will constantly confront numerous types of hurdles or challenges when performing this investigation.

1. One of the obstacles found was that the author did not completely comprehend the job of a cameraman journalist. The author's solution is to practice it while learning it.
2. Not only that, the author has worries regarding the amount of videos each week required by Radar Bekasi. The solution to this problem is to communicate with a Radar Bekasi employees.

3. The author also experiences technical problems. The solution is to fix the devices so that it performs optimally in accordance including its functionality.
4. Misunderstandings or differences of opinion amongst individuals are also common obstacles in carrying out this task. The solution to these problems is to establish social interaction and also support each other between individuals.

B. Suggestion

Following the conclusion of the observation, there are several expectation to provide suggestions for the author, campus, and company in this last paragraph. The author hopes that this suggestion will improve the company's capabilities and profits.

1. Suggestion for authors, the authors are required not to be afraid of trying new things to learn more competent before making the proper decision, and of course, to support each other among coworkers.
2. Suggestion for Radar Bekasi, this advice is especially for freelancers at Radar Bekasi, at least they are given the results of work in the form of compensation so that they can increase the excitement of employees that are doing internships.
3. Suggestion for STBA JIA, Campus is required to develop numerous links between companies in need of workers who have to master foreign

languages and make it possible for students who want to do internships in many companies.

4. Suggestion for the general public, working as a cameraman is a lot of fun. However, people should not hesitate to begin or try a career as a cameraman.
