

CHAPTER V

CONCLUSION AND SUGGESTION

This chapter presents two major parts i.e. conclusions and Suggestion. In conclusions part, the summary of the research findings are presented as representative as possible. The Suggestion part suggests the further action which can be taken considering the finding of the research.

A. Conclusions

Based on the analysis, the following findings can be drawn to answer the research questions. The research question number one is: what are the kinds of swear words uttered by The Warriors in The warriors movie by Walter Hill. On the analysis conducted, the kinds of swear words found in the warriors movie are various. The variation of swear word are Cursing, Profanity or Blasphemy, Obsenity, Vulgarity, Ephetet, Insult and slur, and Scatology.

Moreover, the research question number two is: how to explain The warriors character express the swear words in The warriors movie. The swear words itself uttered by the warriors character according the situation, habit and culture of the character of the warriors itself. The swear word can uttered by situation mean the swear word without accidentally because the habit and culture of the people of America in the

street get used to say swear word when they get panic, surprised, shock, happy and many condition.

The third question of research in this paper What the kind of Swear words that found in the warriors movie is 8% of Curse, 20% of Profanity or Blasphemy, 8% of Obsencity, 15% of Vulgarity, 33% of Ephitet, 10% of Insult and Slur, 5% of Scatology.

B. Suggestion

The researcher acknowledges that this research is still incomplete. Therefore, there are some recommendations proposed by the writer. First, this research aims to initiate a discussion about the taboo words and swear words among scholars. Therefore, it is expected that the discussion about swear word does not only stop at judging them as indecent. The scholars are expected to be more critical towards occurrence of swear word in various circumstances and learn them in different perspectives.

Second, this research is expected to be valuable resource for scholars having an interest on the matter of taboo and swearing. Therefore, the writer suggests that this thesis is used appropriately. The writer also hope this research is use for the writer and other people.

Third, various resources are found to be helpful in supporting this research. Journals and scholar articles are already accessible. However, more books specializing on taboo words and swear words are better

provided since it is quite difficult to access some books about taboo words and swear words.

Fourth, most cultures are still sensitive towards the occurrence of taboo word and swear word. However, taboo word and swear word have various utilities in pragmatic context. Those who read this thesis or are interested in this subject are expected to find out more information about taboo, taboo word, and swear word and be able to apply the use of these words in appropriate contexts.
