

CHAPTER V

CONCLUSION AND SUGGESTION

A. Conclusion

After analyzing all of the data, it has been concluded that there are commissives utterances which exist in *The Toy Story 3* movie. The classification is formed by the theory of Kreidler and Cruse.

1. From the findings which could be shown implicitly that language is unique, especially for the utterance which has the own intention that depends on the context. The context itself is crucial to create the meaning of utterance.
2. Situation affected the meaning of the content that was said. The most common someone take the meaning of the utterance based on the situation that comes with the sentences by the speaker.
3. Commissive act is the act that can be found in the daily life that has been proved in the movie. The movie represents how people connect each other. So, it makes movie is a good stuff to be analyzed.

B. Suggestion

To close this paper, the writer would like to give some suggestion for the learners that they should take the advantage of learning language through movie, especially *The Toy Story 3* movie. Learning language will be fun if the researchers find what they like to be analyzed. Movie which by most people is

treated as a rich stuff for doing research aroused the learners can find the material that made fun to be learned and represented their passion.

1. For the Teacher

The ways of learning are very important in learning language. The students sometimes feel bored when the teachers do not have various way of learning. Thus, it will be more interesting if the teachers have some alternatives on the way of learning.

2. For the next researcher

This paper that focusing the analysis of commissive acts, is still far away from being perfect. The writer suggests the next researcher to do further analysis in pragmatic approach. Analysis of the act of saying is always interesting. The meaning of people's utterance can be different because of the situation which supports the conversation taking place.
