

CHAPTER V

CONCLUSION AND SUGGESTION

A. Conclusion

This research has purpose to find out about significant influence between skimming reading strategy to student's vocabulary comprehension in SMK PGRI 1 Tambun. After analyzing the data, the writer makes the conclusion of this research as follow:

1. The Influence between skimming reading strategy to student's vocabulary comprehension is high **significance** value $0.000 < 0.05$ which means there is significant influence and also receiving H_a and reject H_o which states there is a influence between skimming reading strategy to student's vocabulary comprehension.
2. The Reliability of Influence between skimming reading strategy to student's vocabulary comprehension is **significance** value, the result of coefficient is $0.968 > 0.60$ which means there is significant.
3. Based on interpretation above, the writer takes conclusion that hypothesis testing result of students at SMK PGRI 1 Tambun Selatan, students are 33.233. According to Paired sample Test correlation standard with t_{table} if the sample consists of 30 people is 2.045 that means $33.233 > 2.045$, so the **hypothesis is accepted**.

B. Suggestion

Based on the conclusion, the writer would like to give some suggestion for SMK PGRI 1 Tambun that is probably useful in the future both the school's staffs and the students

1. English teachers

Teachers are able to make methods of teaching English which can attract student's attention so they can motivate students to learn English in class and they can improve result holding support of facilities for students like dictionary, books, and electronic media provided for language laboratory.

2. Students

Students of the second grade of SMK PGRI 1 Tambun are expected to read many English passages in order to increased knowledge and vocabulary mastery and knowledge increase. Moreover, they also should try to make a note to the new English word they find.

The students have to be more active in the classroom. The further effort needs to be made by the students is to encourage themselves in improving reading ability without worrying of making mistakes. It gives advantages for the students if they can develop their vocabulary's comprehension. They can easily understand what they hear, say, read and write.

3. School

The school, SMK PGRI 1 Tambun Selatan is expected and suggested to always increase the quality of the educators' works that they may provide the students' comprehension with knowledge and guide well and maximally.
