

## CHAPTER V

### CONCLUSION AND SUGGESTION

#### A. Conclusion

The researcher will be giving two conclusions based on all the data which have been analyzed below:

1. Based on the analysis of the utterance in all of the dialogues in 5 episodes of SpongeBob SquarePants, the researcher found that there are numerous varieties of aim by the speaker in saying those utterance but the most occurred aim is to inform the hearer about what the speaker believed as a true fact (representative).
2. The researcher found 10 directives illocutionary act (27%), 14 representatives illocutionary act (40.5%), 7 expressive illocutionary act (18.9%), 3 commissives illocutionary act (8.1%), and 2 declaratives illocutionary act (5.5%).

#### B. Suggestion

In this chapter, the researcher would like to give some suggestions to the readers related to this thesis.

##### 1. For the Readers

The result of this research is expected to brighten up and add the new insight about the pragmatic-related study. Pragmatic is very crucial since it takes a great role in daily-life especially when we are communicating to

each other in real-time. The purpose of this research is to help students in studying the pragmatics, especially speech acts, the researcher hopes that this research can be a reference to them in identifying the types of illocutionary act.

## **2. For Another Researcher**

For the other researcher, they can use this research as their relevance of their research. They can also study this research in order to get some insight when planning a pragmatic-related research, especially illocutionary acts.

## **3. For the Library**

The researcher hopes that the STBA JIA's library can provide more updated books in order to help the future college students of the STBA JIA in making a thesis.
