

CHAPTER V

CONCLUSION AND SUGGESTION

In this chapter it will convey the conclusion of the result of the analysis and also some suggestions from the research found by the writer.

A. Conclusion

Regarding to the findings that the conclusions of this analysis are obtainable as below:

1. The album entitled *The Show* by Niall Horan becomes the focus in the analysis of idiomatic expressions in this study. There are 10 songs included which each song has idiomatic expressions in the lyrics.
2. Based on the result of the research data, the most frequent types of idioms that appeared in the lyrics of the song is lexemic idiom (verbal idiom) it found 23 idioms.
3. In the data also found 5 idioms of phraseological idiom, 4 idioms of nominal, 2 idioms of adjective, 2 idioms of adverb, 1 idiom of frozen idiom, and 1 idiom of proverbs.
4. The meaning of the idiom expressions is mostly found in the dictionary and the writer used several dictionaries such as Cambridge, Merriam-Webster, Collins, and Oxford Dictionary.

B. Suggestion

There are some suggestions based on the analysis that obtained by the writer for the further research which there are presented as follows:

1. To students that especially studying of English language familiar with the types of idioms also comprehends about the idiomatic expressions and the meaning of the idiom that is frequently appeared in the lyric of the songs.
2. To the English Literature Department, the writer expects this research paper is able to be useful for the students or readers also the library can provide other books on types of idioms to make it easier to find references
3. To the next researcher that might be interesting in analyzing the idiomatic expressions and this analysis may be give contributions as the data source.
